

Dear EJADA Company:

I'm writing in response to your recently advertised position for a Software Development Engineer. I am very interested in this opportunity with EJADA Company and believe that my qualifications, education and professional experience would make me a strong candidate for the position.

I am understanding of computer science fundamentals, including object-oriented programming, data structures, and algorithms professional who strong proficiency in C++ and python programming.

Enclosed is my resume that more fully details my background and work experience, and how they relate to your position. As you can see, took Natural Language Processing Intern after graduated then joined the army to perform military service and I will finish it on ١٢/١/٢٠٢٤

I firmly believe that I can be a valuable asset to your team. I welcome the opportunity to speak with you about this position and how my experience could help EJADA Company achieve its goals.

Thank you in advance for your consideration.

Kind regards,

Ahmed
